

Now you won't have to go "over the river and through the woods" just to see Grandma.

At the holidays, we realize each moment is special. Welcome to The Orchards Group, a builder who hasn't forgotten the importance of extended family. As Atlanta's leading active adult builder, we pride ourselves in building communities with first-class amenities and low-maintenance lifestyles ideal for your needs. In neighborhoods so convenient, you won't have to change time zones just to see Grandma.
